

Hush-a-bye, don't you cry,
Go to sleepy crabbing man
When you wake, you'll have crabs cakes,
with apple vinegar and cheese .

Way down the yonder river
Down in green weeds
there's big fat crabs

Bees are making honey
And the girls in sundress
are making crab cakes

Hush-a-bye, don't you cry,
Go to sleepy crabbing man
When you wake, you'll have crabs cakes,
with apple vinegar and cheese .
